Experience

BRAVURA ADVERTISING & DESIGN

DEC 2017 - JUNE 2019

Position: Graphic & Web Designer

Description: This adaptive and fast-paced role relied on working efficiently in both design and web development skill sets to maintain a large, active client roster. Many of these clients were businesses within larger brands like BMW and Mercedes-Benz. Creating legally compliant work and maintaining brand standards were vital to my success in this position.

THOMAS F. KELLY DIGITAL DESIGN

APRIL 2014 - PRESENT

Position: Digital Designer / Developer

Description: My freelance work involves primarily: graphic design, interface design, and the development skills needed to bring projects from concept to reality. I have served in various capacities for numerous clients. Subsequently, I am adaptive, flexible and always willing to refine my skill set.

DE BEAUFORT GROUP

AUG 2013 - FEB 2015

Position: Consultant

Description: This role's primary function was to take design-heavy projects from concept to reality. Based in Washington, D.C., this firm specialized in public/private partnerships for companies of various sizes. I gained invaluable experience in: project testing, client communication, and general organizational habits to create efficiency and ensure delivery.
